If you wake up in the dead of night
To feel alone, like a helpless child
Reach out for me, I'll be close to you
I need to touch, that's all I wanna do

And I feel a blaze of glory
When I'm in your arms
Whoa, I love to love you darling
Don't care how many times
When you take me to your heaven
Then I know that you're mine

Oh Rose, you're my rose
More beautiful to me than any flower
You're my world, everything that I desire
It started with a spark, now it's a fire
In other words you mean everything to me
We both belong together
Say you'll be forever my rose

I see the sun within your smile
So warm and tender, lighting up the sky
I can't believe I'm sharing love with you
But I believe dreams come true

Cos you and I together, we'll weather any storm
Oh when two hearts beat as one
And if the road is long we'll travel if together
Oh you'll be the only one

Oh Rose, you're my rose
More beautiful to me than any flower
You're my world, everything that I desire
It started with a spark, now it's a fire
In other words you mean everything to me
We both belong together
Say you'll be forever my rose

Oh, in other words you mean everything to me
We both belong together
Say you'll be forever my rose
Oh say that it's forever

Say it's forever
