Watch her rise above the wreckage
See her fly through glass
See the world spin 'round again (again, again, again)

And don't waste your beautiful, your beautiful life
Don't waste your beautiful, your beautiful life
Down here

Watch her rise above the wreckage
South of sixty four
Graceful arms are bent and broken
Were meant for something more

Don't waste your beautiful, your beautiful life
Don't waste your beautiful, your beautiful life

Twisted bodies
Surrender for the last time
Reborn angels to bring the sun down on this world

And demons wasted as they're running through red
signs
From the black I know you're finding your way back
home
Finding your way back home

Don't waste your beautiful, your beautiful life
Don't waste your beautiful, your beautiful life
Don't waste your beautiful, your beautiful life
Down here

Surrender for the last time
Reborn angels to bring the sun down on this world
Surrender for the last time
(Watch her rise above the wreckage)
Surrender for the last time
