Summertime, it's been almost a year since Coral Sky  
All the time, I could tell that you were just untouchable  
So I left alone (said I had to go)  
Made it like I didn't care

Hey, don't let the sun go down  
Don't let it end here now  
Cause you're right, and I'm everything you're not  
Could I ever be the one

Summertime, I can't believe she's in my head again  
Don't you confuse  
I might put up a fight, but I'm not bulletproof  
So I left alone (just me and my Patron)

Summer dies and so could I

Hey, don't let the sun go down  
Don't let it end here now  
Cause you're right, and I'm everything, everything,  
everything I'm not

Hey, don't let the sun go down  
Don't let it end here now  
Cause you're right, and i'm everything, everything,  
everything i'm not  
(cause you're right) you're wrong, and i'm everything  
you're not  
Cause you're right, i'm wrong  
Could i ever be the one  
Be the one
