I was out the other day  
And I saw you in your big black car  
And I was waving as you were passing  
'Cause I know who you are

You had this look that of an angel  
It was such a bad disguise  
Did you think for second  
I would not realize

Tripping hard falling down onto the ground  
'Cause I can't stand up and I can't fall down  
'Cause I'm somewhere in the middle of this

I was out the other night  
And I saw you so we had a fight  
It was late and I was lonely  
And its such a long way home

So I asked you if you'd join me  
For a single last call drink  
So you turned and bought us two  
And you didn't even blink

You had this look that of an angel  
It was such a bad disguise  
When you drink it makes you angry  
When I drink I want you more and more and more

Tripping hard falling down onto the ground  
'Cause I can't stand up and I can't fall down  
And I'm somewhere in the middle of this

Tripping hard falling down onto the ground  
'Cause I can't stand up and I can't fall down  
'Cause I'm somewhere in the middle of this

Somewhere in the middle  
You know I find it hard  
I always tried to find the sane life  
Somewhere in the middle

'Cause I don't like the way things are  
And I keep falling to my knees  
Somewhere in the middle of this  
'Cause it's somewhere in the middle of this

Tripping hard falling down onto the ground  
'Cause I can't stand up and I can't fall down  
'Cause I'm somewhere in the middle of this

No, no 'cause I'm somewhere in the middle of this  
Somewhere in the middle
