Anja:

The shadow knows the distant call,
Our anarchy's core.
Let me out of this great hole,
Out of the war.

Leave me unseeming.
Breathe me unfeeling.
(I can't stand the passion)
Leave me unseeming.
(I can't stand the passion)
Breathe me unfeeling.
(I can't stand the passion)

My name is cruelty,
Magma's burning agony.
(Love in your faith)
(And talk to me)

The shadow knows the distant call,
Our anarchy's core.
Let me out of this great hole,
Out of the war.

Leave me unseeming.
Breathe me unfeeling.

Ole:

When the lights start shining,
With defiance of fire burning with passion,
Darkness of the world.
My wounds will never heal,
In this dark, dark hell,
Now I'm dying in cold.

Anja:

AAAAHHHHHHHHHHHH (AAAAHHHHHHHHHH)
