Watch the twilight  
Colour the sky  
In this monotony of chaos  
Insane limbo  
Sickening sights  
In this garden of dark delights  
Lunatic dreams become nightmare reality  
Entangled into persistence  
No answer to your existence  
The curse has come,  
We've been waiting all to long  
Morbid enlightener of souls  
Wandering distant and alone  
Deboned and defleshed

Denied is our lives  
Enter our graves  
Exalted as we die  
True hell on earth  
Forget the burning heavens  
Dedicated  
To the lord of living pain  
Motherfucker  
Who told you hell was warm  
Infernal winter  
The ninth circle closed
