Holy man the liar, the madman and his call
Out on a crusade fishing for lost souls
Slimy holy snake selling false faith
Inject his lethal venom into weakened minds

Like flies to shit they gather for mass
Approach the altar of madness
Let the ceremonial comedy begin
Live their life with their head up their ass

Holy man with his Bible
Deceiver in disguise
Shields you from the truth
With promises of paradise

Like flies to shit they gather for mass
Approach the altar of madness
Let the ceremonial comedy begin
Live their life with their head up their ass

Blinded walk
On the trail of lost souls
Insane minds
Bleeding for their savior

Like flies to shit they gather for mass
Approach the altar of madness
Let the ceremonial comedy begin
Live their life with their head up their ass
