And when they tell you that you don't know what you're  
doing now  
And when they tell you that you're not the one to live  
your life  
And when they tell you that they think that you're just  
marking time  
And when they tell you that they think that you're in  
trouble now  
And when they tell you that you're wasting the best  
years of your life  
And when they tell you that you'll never get a single  
thing right  
Well, put up a fight  
But this is the life  
No matter what they say, you know that  
This is the life  
For better or worse, it'll stay that way  
And when they tell you that they think they've got you  
figured out  
And when they tell you that they think they know what  
makes you tick  
And when they step with their 12-point program for  
being like them  
And when they tell you that you're blowing every  
chance you get  
And when they tell you that you're setting up a life of  
regret  
And when they tell you that you just can't get a single  
thing straight  
Well, it's too late  
But this is the life  
No matter what they say, you know that  
This is the life  
For better or worse, it'll stay that way  
And when they gather 'round like a covey of witches  
with their sneering pity  
Tell them sons of bitches  
Tell them sons of bitches  
Tell them sons of bitches  
And this is the life  
And this is the life
