Hey, now, hey  
What you've been doin'?  
Boy, it's been such a long time since I seen you girl  
You haven't changed that much  
You look good  
The high school days and college, oh

I haven't seen you in a long, long time  
I haven't seen you since God knows when  
I haven't seen you, it's been so long  
It's so good to see you again

Do you remember when you were mine  
The good times we had together  
Girl, it feels like old times  
It's so good to see you again

Tell me what you've been doin', who you been seein'  
Where you've been going, by the way how do you feel  
Has your life been fulfilled, are you reaching all your  
goals  
Can you stay or do you really have to go

Girl, you sure took good care of yourself  
You're so fine, you're so good lookin'  
I can't compare you with no one else  
It's so good to see you again

I heard you got married last year  
Are you in love, are you really happy?  
Well, it don't matter no how  
It's so good to see you [So good to see you]  
So good to see you, so good to see you again

See you, see you, see you  
I'm so glad to see you, baby  
See you, see you, see you  
I'm so glad to see you

Tell me what you been doin', where you been goin'  
Who you been seein', by the way how do you feel

Has your life been fulfilled, are you reaching all your goals

Can you stay or do you really, really have to go

I hadn't seen you in a long long time  
Haven't seen you since God knows when  
I hadn't seen you, it's been so long  
It's so good to see you [So good to see you]  
So good to see you again

[See you, see you] So good to see you again  
[See you, I'm so glad to see you, baby] So good to see you again  
[See you, see you, see you, I'm so glad to see you again] So good to see you again  
[See you, see you] Been so long [See you]  
[I'm so glad to see you, baby] So good to see you again

[See you, see you] Been so long [See you]  
[I'm so glad to see you, baby] It's been so long  
[See you] Been so long [See you, see you]  
[I'm so glad to see you, baby]

What you been doin', where you been goin', who you been seein'  
Has your life been fulfilled, can we talk awhile  
'Cause it's been so long, I'm so glad to see you again  
It's been so long, I'm so glad to see you again  
Has your life been fulfilled  
Are you reachin' all your goals, are you reachin' all your goals  
Are you truly, truly, truly, truly, truly, truly, truly happy

(By the way how do you feel)  
Hey, got married  
But it don't really matter (Are you happy)  
No, it don't  
It don't really matter  
No  
Because I'm so glad to see you  
Been such a long, long time  
You know  
You look so fine, you're so good lookin'

Just like the time when you just liked standing on the corner, you know  
Some people go back to the 50's, 60's, 70's  
???You used to always???  
???It was always ???

But you link on the corner, talk about things before you  
go to school  
And all them years, all them years I thought about you.
