Thanks for saving my life  
For picking me up  
Dusting me off  
Making me feel like  
I'm living again  
(Like I'm living again)

I'm so glad I ran into you  
If I hadn't seen you  
I would have been through

I was low as low could go  
Could not stand anymore  
Oh, I could never, never  
Never, never repay you

I'm so grateful for all of  
The things you've done for me  
Especially listening to my problems  
Then saving me from misery

I just wanna say thank you  
Baby, for saving my life  
For picking me up  
Dusting me off  
Making me feel like  
I'm living again  
(Like I'm living again)

I'm so glad you came along  
You stopped me from singing  
That sad, sad song

You're the one who erased the pain  
My life would never be the same  
You're the very one, the only one  
That I've been waiting for

I want to thank you for  
Listening to all of my problems  
And being my shelter  
In and out of the storm

I just wanna say thank you  
Baby, for saving my life  
For picking me up  
Dusting me off  
Putting me all back together  
Together, together

I can live (I can live)  
Since I found you, baby  
(I can live, I can live)  
Now I can live (I can live)  
Since I got you back, baby

I just wanna say thank you  
Baby, for saving this man  
Don't you understand  
What you're doing to me

We both hooked up  
We played together  
I can't live  
I can't live with you, babe  
And didn't you, didn't you  
Didn't you

Didn't you thank me, baby  
I want to thank for saving my life
