Take a little path
Just look at where we are
Weve come very, very far together
And if I might say so
And if I might say so too
We wouldnt have got anywhere
If it werent for you, boy

Love is the sweetest thing
Love have a conscience when you think it will
Love is the way we feel for you
Were family
Were family
Were family
All of us, and you

Think of where wed be
If we were on our own (well be dead!)
Youre what holds us all together (I am?)
And if I might say so
And if we might say so too
We never could love anyone
As much as we love you

Love is the strangest thing
Love does exactly what it wants to do
Love, boy you know its true
Were family
Were family
Were family
Me (me, me, me, me, me, me) and you

Ashes to ashes, and dust to dust
Without you therell be no us

Love is the sweetest thing
Love does exactly what it wants to do
Love is the way we feel for you
Were family
Were family
Were family

Me and you
