"Get Real"

People say gotta fake to make it to the top
To the top
And you're never gonna have what it takes so you
might as well stop
But we're not
Cause I know you know I know that if we plan on
winning
But come on, come on, come on, come on, COME ON!

(Chorus:)
Get Real!
Who wants to really feel the feel it?
Get Real!
Are we whatever you can see it?
Get Real!
Now we can answer to the dealer
Get up, get on, get over it again, oh, are we, it's time to
get real

Everybody says that we dream bigger than we are
Than we are
And we're too young to go where they've gone, it's just
too far
And too hard
But I know you know I know this time there's no
pretending
But come on, come on, come on, come on, COME ON!

(Chorus once but instead of "it's time to get real,"
replace it with
"Come on, come on, come on, come on, COME ON!")

What else can we do?
But if we ever wanna prove
The life we live it truly, not just truly, not just tru-ly!

(Guitar solo)

(Chorus once regular)
