Take an ounce of bounce  
A pound of pounce  
And ripe gummiberries in varying amounts  
Dump them in a pot  
Stir 'em till they're loose  
It's really something special  
It's gummiberry joice

CHORUS:

Gummiberry, gummiberry juice  
Gummiberry, gummiberry juice  
We can bounce like kangaroos  
With gummiberry juice

Berries in the pot  
Are extremely hot  
There's enough to last a week, and that is quite a lot!  
But you'll have to wait  
For the concentrate  
It's extra-ordinary, and it tastes really great!

CHORUS
