Scamp

I never had this feeling before
She gives me shakes and shivers
I can't ignore
And I see that there's more now
than just running free

Angel

I never felt my heart beat so fast
I'm thinking of him first and of myself last
and how happy I want him to be

Scamp

It's amazing someone in my life
just might be loving me
I didn't know that I could feel this way

Angel

It's so crazy
something in my life
Is better than a dream
I didn't know that I could feel this way

Scamp

She makes me warm and happy inside

Angel

He smiles and I get dizzy and starry-eyed

Both

All these feelings I have
have me asking

Angel

Can this be love?

Scamp

Can this be love?

Angel

It's crazy

Both
I can hardly speak

Angel
Whenever he

Scamp
Whenever she

Both
says "hi"

Angel
I didn't know that I could feel

Scamp
I never dreamed that I could feel

Angel
I

Both
Didn't know that I could feel
this way.
