Oh I want mom that will last forever
I want a mom to make it all better
I want a mom that will last forever
I want a mom who will love me whatever

I want a mom to take my hand
and make me feel like a holiday
I want a mom to tuck me in at night
and chase all the monsters away
and if i ever get scared
to hold me when i cry!

Oh i want a mom that will last forever
I want a mom to make it all better
i want a mom that will last forever
I want a mom who will love me whatever

I want a mom to read me stories
And sing me a lullaby
and when i fall asleep to tuck me in so tight!

musical:

So where are you my Dearest mom
i want you so much
i need you to take care of me
So please hurry up and say la la la do dee
