Don't (don't) you (you)
Get all tough with me
I'm sayin', won't (won't) you (you)
Come kick it with me
And we can have a ball and run up the wall
That's just how we do come on
And no matter how much I chop and punch
It's not as cool as kickin' it with you
Here we go, let's start the party
Chop it up like it's karate
Everybody
Don't (don't) you (you)
Get all tough with me
I'm sayin', won't (won't) you (you)
Come kick it with me
And we can have a ball and run up the wall
That's just how we do come on
And no matter how much I chop and punch
It's not as cool as kickin' it with you
