Miracles happen, miracles happen  
You showed me faith is not blind  
I don't need wings to help me fly  
Miracles happen, miracles happen

I can't imagine living my life without you now  
Not ever having you around  
We found our way out  
(On you I can depend)  
Don't have to look back to realize how far we've come  
There are a million reasons  
I'm lookin up  
I don't want this to end

Nothin'  
Nothin' should ever bring you down  
Knowing what goes around will come around

You showed me faith is not blind  
I don't need wings to help me fly  
Miracles happen, once in a while  
When you believe  
(Miracles happen)  
You showed me dreams come to light  
That takin' a chance on us was right  
All things will come with a little time  
When you believe

There is no question we found the missing pieces  
Our picture is complete  
It's fallen into place  
(It's fallen into place)  
This is our moment, you and I are looking up  
Someone is watching over us  
Keeping me close  
Closer to you everyday

Nowhere  
Nowhere on earth I'd rather be  
No one can take this away from you and me

You showed me faith is not blind  
I don't need wings to help me fly  
Miracles happen, once in a while  
When you believe  
(Miracles happen)  
You showed me dreams come to light  
That takin' a chance on us was right  
All things will come with a little time  
When you believe

When you believe  
The soul is a shining light  
When you believe  
The heart has the will to fight  
You can do anything, don't be afraid  
We're gonna find our way

You showed me faith is not blind  
I don't need wings to help me fly  
Miracles happen, once in a while  
When you believe  
(Miracles happen)  
You showed me dreams come to light  
That takin' a chance on us was right  
All things will come with a little time  
When you believe...
