Here's a story of a girl
Living in a lonely world
A hidden note
A secret crush
A little boy who talks too much
While I'm standin' in the crowd
And when you smile I check you out
But you don't even know my name
You're too busy playin' games
And I want you to know
If you lose your way I won't let you go
If I cut my hair if I change my clothes
Will you notice me?
If I bite my lip
If I say hello
Will you notice me?
What's it going to take for you to see
To get you to notice me (woah, woah)
To get you to notice me

Got your head up in the clouds
Tell me when you're coming down
I don't want to sink your ship
It's not about the scholarship
And all the friends that follow you
They tell you things that just ain't true
I'm the girl you never see
I'm the one you really need
ohhh don't get me wrong
you better make your move before the moment's gone

tell meee
If I cut my hair if I change my clothes
Will you notice me?
If I bite my lip
if I say hello, will you notice me?
what's it going to take for you too see
I'll get you to notice me
Get you to notice me

I'm not like the rest

I just don't care if you're the best
You see it's all the same to me
You just be who you want to be
it's all the same to meeeeeeeee

Ohhhhh don't get me wrong
You better make your move before the moment's gone
Tell meee
If I cut my hair
If i change my clothes
Will you notice me?
if i bite my lip
If I say hello will you notice me?
If I cut my hair
If I change my clothes
will you notice me?
if I bite my lip if I say hello
will you notice me?
I want you to notice me
ooh
I'll get you to notice meeeee
Get you to notice me
ahhhh ahhh
I'll get you to notice me.....
