Artist: Christina Aguilera

Movie: Mulan

Look at me,
I will never pass
For the perfect bride, or the perfect daughter
Can it be
I'm not meant to play this part?

Now I see
That if I were to truly be myself
I would break my family's heart
Who is that girl I see
Staring straight back at me
Why is my reflection someone I don't know

Somehow I cannot hide
Who I am - though I tried
When will my reflection show
Who I am... inside...

When will my reflection show
Who I am inside...
