Trudy: How 'bout getting off of these antibiotics

Oscar: How 'bout stopping eating when I'm filled up

Penny: How 'bout them transparent dangling carrots

Suga Mama: How 'bout that ever elusive kudo

All:

Thank u India

Thank u terror

Thank u disillusionment

Thank u frailty

Thank u consequence

Thank u, thank u silence

Penny: How 'bout me not blaming you for everything

Dijonay: How 'bout me enjoying the moment for once

LaCienega: How 'bout how good it feels to finally
forgive you

Zoey: How 'bout grieving it all one at a time

All:

Thank u India

Thank u terror

Thank u disillusionment

Thank u frailty

Thank u consequence

Thank u, thank u silence

Sticky:

The moment I let go of it was

The moment I got more than I could handle

The moment I jumped off it was

The moment I touched down

Penny: How 'bout no longer being masochistic

Oscar: How 'bout remembering your divinity

Suga Mama: How 'bout unabashedly bawling your eye
out

Trudy: How 'bout not equating death with stopping

All:

Thank u India

Thank u terror

Thank u disillusionment

Thank u frailty

Thank u consequence

Thank u, thank u silence
