The siren screams, the warden shouts  
You know the Beagle Boys are breaking out  
We're gonna' steal some blue suede shoes  
And sing "The Boogie Beagle Blues"

You keep the bank, we got the cash!  
We're gonna' blow this joint and hide all our stash  
We'll make the doggone headline news  
And sing "The Boogie Beagle Blues"

It's really hot! What's hot? What we've got! Very hot!  
We're gonna' get away before we're caught!  
As long as it's illegal, we'll be happy beagles  
We'll smile for our next mug shot! Say cheese!

We're making money - we got the plates  
You know we're wanted in all the better states  
We've made the FBI's "Who's Who"  
We sing "The Boogie Beagle Blues"

(Repeat third verse)

We'll tell you lies, we break the laws  
We love to step on everybody's paws  
We're laughing cuz the joke's on you  
You'll sing "The Boogie Beagle Blues"

You guys are jerks, you all are nerds  
You guys are nothing but a bunch of stupid birds  
Looks like we're winning, and you lose  
You'll sing "The Boogie Beagle Blues"
