And now I take it home, with the parietal bone
It might be crazy, but I learn that way
Temporal and frontal too
And now I'm finally through
That makes 206
I found a way that clicks
(ooh yea)
Everybody knows the bones
Just had to find a way
Everybody knows what I'm talkin 'bout
That's how I'll get an A
My bod has many parts
And this is where it starts
Phalanges I have ten
And Metatarsals then
I got some Tarsals too
I'll put 'em in my shoe
The fibula is next
According to my text
Then comes the tibia
That ain't no fibia
And now up to my knee,
Yeah, yeah, yeah
That's the patella to me
We're doing the bone dance
You study the answers
Again and again til I get it right
Miley, Lily, and Oliver sing:
We're doing the bone dance
You dance and you learn it
And we won't mess up this test
We'll get it perfect
We're doin' the bone dance
You dance and you learn it...
And now I take it home
With the Parietal bone
It might be crazy
But we learn that way
Temporal and frontal too
And now we're finally through
That makes 206
I found a way that clicks

(Bone Thugs in the house)
We're doing the bone dance
You study the answers
Again and again till I get it right
We're doing the bone dance
You dance and you learn it
And we won't mess up this test
We'll get it perfect
