I didn't want to listen to what you were saying
I thought that I knew all I need to know
I didn't realize that somewhere inside me
I knew you were right but i couldn't say so
I can take care of myself
You taught me well

Chorus: I learned from you
That i do not crumble
I learned that strenght is something you choose
All of the reasons to keep on believing
There is no question that's a lesson
I learned from you

We always don't agree on what is the best way
To get to a place that we're going from here
But I can really trust you and give you the distance
To make your decision without any fear
both: I'm grateful for all the times
You opened my eyes

Chorus: I learned from you
That i do not crumble
I learned that strenght is something you choose
All of the reasons to keep on believing
There is no question that's a lesson
I learned from you

You taught me to stand on my own
And I thank you for that it saved me it made me
And now that I'm looking back I can say

Chorus: I learned from you
That i do not crumble
I learned that strenght is something you choose
All of the reasons to keep on believing
There is no question that's a lesson
I learned from you
I learned that strenght is something you choose
All of the reasons to keep on believing
There is no question that's a lesson

I learned from you
I learned from you
I learned from you
