There's a party here in Agrabah  
And the party's all for me  
Just look, you guys, at where we are,  
And how our dreams have come to be  
There's a party here in Agrabah  
And I can't believe it's true  
After all this waiting, here we are  
We'll finally get so say "I do"  
I never, ever had a real family  
I never, ever had a real true friend  
Someone who could just understand me  
Hey, c'mon, Aladdin, this mush has gotta end!  
There's a party here in Agrabah  
And it's starting right away  
Let's getcha dressed, 'cause you're the star  
Hey, c'mon, it's your wedding day!  
Aladdin's gettin' married, and it's gonna be  
The wedding of the century  
Amazing how Aladdin could've come so far  
Getting married  
Getting married  
Getting married  
Look at all these presents  
Getting married  
Getting married  
Getting married  
At the Party in Argabah!!!
