Smooth talking, so rockin, he's got everything that a
girl's wantin'
Guitar cutie, he plays it groovy
And when he walks into my room, it's like a movie
Think I'm really diggin' on his vibe
He really blows me away

He's got something special, he's got something
special, and when we kiss he gets me all sentimental,
he's got something special, he's got something
special, he's strong, he's smart, he knows a lot, it tells
me maybe He could be the one, he could be the one ,
he could be the one
He could be the one, he could be the one , he could be
the one

He is lightning, sparks are flying, everywhere I go he's
always on my mind
And I'm goin' crazy, about him lately and i cant keep
myself from how my heart is racing
think I'm really fallin for his smile
there's butterflies when he says my name

He's got something special, he's got something
special, and when we kiss he gets me all sentimental,
he's got something special, he's got something
special, he's strong, he's smart, he knows a lot, it tells
me maybe He could be the one, he could be the one ,
he could be the one
He could be the one, he could be the one , he could be
the one

He's got something special, he's got something
special, and when we kiss he gets me all sentimental,
he's got something special, he's got something
special, he's strong, he's smart, he knows a lot, it tells
me maybe He could be the one, he could be the one ,
he could be the one
He could be the one, he could be the one , he could be
the one
