(Ariel)

There is a world where hope
And dreams can last for all time
I wonder this place to go
You know it
When your heart will find

(Jasmine)

Hearing our song as old as rhyme
Hold my hand we're gonna fly
While a magic ride
Is just a kiss away

[Chorus]

If you can dream for wishful making
On a star is coming through

(Pocahontas)

The colors of the wind will lead
My heart right back to you

Cos if you can dream,
Reflections in a diamond sky,
Come shining on through

(Aurora)

Romance will always be so new
And love will save the day
If you can dream

(Snow White)

Someday my prince will come
It's certain as the sunrise

(Cinderella)

One day the slipper fits
And you see the love in his eyes

(Belle)

It's the tale as old as time
There's no mountain we can find
When you're finally mine
And just a kiss away

[Chorus]

If you can dream for wishful making

On a star is coming through

(Pocahontas)

The colors of the wind will lead

My heart right back to you

Cos if you can dream,

Reflections in a diamond sky,

Come shining on through

(Mulan)

Romance will always be so new

And love will save the day

If you can dream

[Bridge]

(Belle)

So the story goes

Never tire the rose

(Jasmine)

There's a whole new world

Waiting there for us

Waiting just for us...

[Chorus]

If you can dream for wishful making

On a star is coming through

(Pocahontas)

The colors of the wind will lead

My heart right back to you

Cos if you can dream,

Reflections in a diamond sky,

Come shining on through

(Snow White)

Romance will always be so new

(Ariel)

And love will save the day, Ohhhh

(Mulan)

Love will save the day

If you can dream

(Ariel)

You can dream
