When Iâ€™m sick of pain, Iâ€™m going away
Iâ€™m going away, yeah weâ€™re both going our ways
You wonâ€™t need to come along
But Iâ€™m not coming undone
Itâ€™s never gonna be the same again

Come and see my fingernails have grown
The woman at the store recalls my name
Yeah, Iâ€™m sorry if I was coming on as a burden
Iâ€™m never gonna be the same again

Had to bring it up, a small complaint
Send it up and moving on, weâ€™ll meet again
So goodbye my absent friend

Donâ€™t know where and I donâ€™t know when
Itâ€™s never gonna be the same again

Come and see my fingernails have grown
The woman at the store recalls my name
Yeah, Iâ€™m sorry if I was coming on as a burden
Iâ€™m never gonna be the same again

Come and see my fingernails have grown
The woman at the store recalls my name
Yeah, Iâ€™m sorry if I was coming on as a burden
Iâ€™m never gonna be the same again
Iâ€™m never gonna be the same again
