You said  
Somethin' about you  
That I can't explain  
Compared to the other girls  
You're not the same

Your hairstyle is different  
Your walk is too  
When you're in doubt  
You ask what to do

Do what you want to  
(I will love you anyway, hey)

Time you stopped listenin' to what they say  
Sound the past on and live your best today  
Stay out of trouble as much as you can  
I'll always remain your man

Do what you want to  
(I will love you anyway)  
(Not just one but everyday)

In my eyes, you do no wrong  
That's why I keep on singin' this song

Yours is a property that's hard to find  
Whatever you do, bear this in mind  
In my eyes you can do no wrong  
A kiss from you makes me really strong

Do what you want to  
(I will love you anyway, hey)  
(I will love you anyway, hey)

(I will love you anyway, hey)  
Do what you want to, baby  
Do what you want to  
(I will love you anyway)

Time you stopped listenin' to what they say  
Sound the past on and live your best today

Stay out of trouble as much as you can  
And I'll always remain your man

Do what you want to  
(I will love you anyway, hey)  
Do what you want to

I will love you anyway, hey  
I will love you anyway, hey  
I will love you anyway, hey  
I will love you anyway, hey  
I will love you anyway, hey
