Green river flows like grass melting.  
Later it will run black down it's track into an ocean.  
She stands on the bridge,  
dim light on her back.  
Well, someday  
I will carry you.  
I will carry you.  
I will carry you.  
I will carry you.

I wanna float higher  
above waves of electric wires  
and stare down onto the street.  
I see a drunk with kiln glazed eyes,  
tellin' me about the girl I should meet someday.

I will carry you.  
I will carry you.  
I will carry you.  
I will carry you.  
Ooh.

musical interlude

I will carry you.  
I will carry you.  
I will carry you.  
I will carry you.  
I will carry you.  
I will carry you
