### "Get Ready Boy"

Came forward, had enough  
Don't really wanna hold much longer  
Silver sun up I feel your love  
There be soon we will rise  
So get ready boy cause here I go  
I've been waiting my whole life  
Just to let it go down  
Think to ride away, I fly  
Back to the road we came from  
Hey back to the road we fall

And there were ...dreaming alone  
It's early ever, wind is strong  
There's a world on its way  
So get ready boy cause here I go  
I've been waiting my whole life  
Just to let it go down  
Think to ride away, I fly  
Back to the road we came from  
Hey back to the broken fall  
Back to the road we came from  
Hey back to the road we fall x 2
