well im moving kinda slow down that same old path  
wasteing time inside this hour glass shes coming up  
ahead now and i feel yes i feel my head turning like a  
race car wheel maybe ill try to say hi another time i  
gotta find a way to get inside your mind ill talk smoothe  
walk one step closer be real cool, real cool, real cool,  
real cool, dang real cool

say what you want  
say what you mean question yourself are you really  
what you seem  
say who you are say what you mean question your self  
are you really what you dream

now here i come one more time but she slids on by not  
even a second look she took the bait right off of that  
hook i got my blinders on tight i pull my cap a little  
lower i cant hide hide hide away you might think this  
easy for me but theres alot of thing that you dont know  
care you dont wanna see logwhile since I've got myself  
across but maybe there's a reason for that even if I  
caught you I'd throw you back

say what you want  
say what you mean question yourself are you really  
what you seem  
say who you are say what you mean question your self  
are you really what you dream

chorus.  
hey... hey... hey...

well i really dont wanna fall back cause you dont seem  
like you care and if i would fall back you dont seem like  
youd care  
fall down your back,fall down your back,fall down your  
back,fall down your back

I will not, I will not hold, hold you back  
you don't seem like you care

Fall back... you don't  
Fall back... you don't  
Fall back... you don't

hey...hey...hey...hey..hey...
