Well I'm moving kind of slow
Down that same old path
Wasting time inside this hour glass
She's coming up ahead now
And I feel, yes I feel
My head turning like a race car wheel
Maybe I'll try to say hi another time
I've gotta find a way to get inside your mind
I'll talk smooth and walk one step closer
Be real cool, dang real cool

Say what you want, say what you mean
Question yourself, are you really what you seem?
Say what you want, say what you mean
Question yourself, are you really what you dream?

Now here I come one more time
But she slides on by
Not even a second look
She took the bait right off that hook
I've got my blinders on tight
I pull my cap a little lower
I can't hide away

You might think that this is easy for me
But there's a lot of things you don't know
You don't care, you don't want to see
Long while since I've got myself across
But maybe there's a reason for that
Even if I caught you I'd throw you back.

[Chorus]

Hey... hey...

I really don't want to fall back
Because you don't seem like you care
And if I would fall back
You don't seem like you care
And if I would fall back
You don't seem like you care

Fall down your back, fall down your back
Fall down your back, fall down your back

I will not, I will not hold, hold you back
You don't seem like you care

Fall back... you don't
Fall back... you don't
Fall back... you don't
