I saw a black man on T.V., brutalized by authority, he  
was,  
He was beaten to the ground, clubbed over and  
over,  
Just another case of abuse of power, it just so happens  
all the cops were white,  
6 on 1 the pigs prove their might!, race crimes  
committed throughout the years,  
Police thrive off the public fears

(Chorus)

Now is the time to rise from this staggent slumber.

Stop the racist crime, before it's figures grom in  
number, besides proof beyond a resonable doubt,  
Amidst the angry ories and shouts, the guilty party get  
off scat-free,  
In thier white-ex cop community, basic rights stripped  
because of ones race,  
Among the jury, not a single black face riots insure  
public outrage and anger supressed for fucking ages,

(Chorus)

Some times it takes more than shouts and banners,  
We must fight back but not in this manner,  
You have'nt challenged those who are to blame,  
Your cells and innocence the ones you maimed,  
These ignorant scum they have to pay but there's gotta  
be a better way,  
Human rights pertain to all the people,  
We've got a long way to go before we're truly equal,

(Chorus)
