I'm living on shattered faith  
The kind that likes to restrict your breath  
Never been a better time than this  
Suffocate on eternal bliss

In a city  
That swells with so much hate  
You seem to rise above  
And take it's place  
The heart pumps until it dies  
Drain the blood, the heart is wise

All my friends are murder  
All my bones are marrows in  
All these fiends want teenage meat  
All my friends are murderers

Away....

I never met a pearl quite like you  
Who could shimmer and rot at the same time through  
There's never been a better time than this  
To bite the hand of frost bit emenance

All my friends are murder  
All my bones are marrows in  
All these fiends want teenage meat  
All my friends are murderers

Away....away.....away....

Whoa whoa whoa whoa.....

I'm alive in uterine  
A stab in the dark a new day has dawned  
Open up and let it flow  
I'll make it yours so here we go...

All my friends are murder  
All my bones are marrows in  
All these fiends want teenage meat  
All my friends are murderers

Away hes gone away
