I am a death house haunted mirror  
Acerbic heart aint nothing pure in here  
I keep the memories of a broken you  
Sing sing the stories of a fractured few

I believe i will open up  
For all my rage will surely come undone  
\*Sing Sing Death House!\*

I am agnostic but i hang on a cross  
Faithless saintless my sin stabs  
I wear the crown of oblivion  
Rule and aching void watch my sun burn out  
I am a death house haunted mirror  
Acerbic heart aint nothing pure in here  
You close the door i sing pleading  
Save me before you leave you're leaving  
\*Sing Sing Death House!\*
