"Angel And The Animal"

Sometimes it feels like im gonna give in
Jump the blood right out of my skin
Vices slice at what I see
Squeezing the soul outside of me

The Angel
The Animal

Sometimes I feel I wanna screw myself
Screw the world, screw everybody else
Is this the deal I want to seal?
Somebody show me what the fuck is real

Breathe Angel
Feel Animal
I get caught in the hole in the middle
So do you understand affliction?
Cause I'm a walking contradiction
Do you see how love turns to hate?
I wont let that be my fate, no

So Breathe the Angel
And feel the Animal
But don't get caught in the hole in the middle

So breed the Angel
And feed the aminal
Don't get lost in the hole in the middle
