

Distorted

"Sometimes"

Visit "[Sometimes](#)" on MotoLyrics.com

You are drowning me

Sometimes

In your sea of coldness

There is fear

In your eyes

Despite you are freeless

Open to me

Let yourself out

You are hiding me

Sometimes

From your deepest feelings

There is happiness

Despite your sadness

Show me! let yourself see

Free me! let yourself be

Now feel a delightful pleasure

One flash - another glamour

Share with me my shining sparkle
