You and me we're so mature
I think I know that, but I'm not sure
You and me do crazy things
And I know that you have wings

Ooo... Ooo... Ooo...
You and me we got connections
You and me got strange confessions
You and me we say what goes
We do stuff that nobody knows

Come at my house at midnight
Leanin' on my arm at twilight
You know only who I am
Never put butter in the jam

Butter, butter
Put butter in the jam

Butter, butter
You and me
You and me
