When I see you it seems like you wanna get with me  
You act like you have feelings for me,  
But in the end it's all phony  
I guess friends is what we are I guess it's what we're  
gonna be  
It's something that i've gotta deal with even if I'm not  
ready.

Then you do it again,  
Make me think that I've got a chance and then  
Then you ruin my plans  
Ask you out and you say No again.

Every day you smile my way and come over to talk to  
me  
Then you bat your eyes at me,

My God you're such a tease  
I see you at the movies you're there with some other  
guy  
I will never understand, I never will, never will no I...

Hey hey, alright now, No no, No no no  
Don't say no, Don't say no, Don't say no
