Constable cockney
Don't take us in
Despite we're from abroad
We believe in what we sing
Constable cockney
Don't read us on our rights
The cause we are too late
Doesn't mean we won't fight
And it doesn't mean that we won't fight

Constable cockney
Don't force us to the stand
We try to retaliate
And sure we won't bend
Constable cockney
Don't hit us with your club
The fact we live another life
Doesn't mean we have to stop
And we will never, will never stop
Constable cockney
Don't take us in
Despite we're from abroad
We believe in what we sing
Constable cockney
Don't read us on our rights
The cause we are too late
Doesn't mean we won't fight
And it doesn't mean that we won't fight
Constable cockney. Constable cockney.
Constable cockney. Constable cockney.
