You are, enemy  
You are my hated enemy  
I am enemy  
Number one rated enemy  
I'm a labelled enemy  
I am your mortal enemy  
My actions enemy  
Make me your bitter enemy

All the world around enemy  
They're tearing up the ground enemy  
They're drawn in by the sound  
Enemy, enemy I must eliminate my Enemy

Your people, enemy  
My people's hated enemy  
What are you, enemy  
Though a created enemy  
Terminate the, enemy  
Eradicate the hated enemy  
I am an enemy  
My very greatest enemy

You try to tell me that you love life  
Then find another way to kill life

Wanting, love life  
Needing, kill life  
Wanting, love life  
Needing, kill life  
Enemy
