You will release your life
Forgetting what's forsaken
The reason why
You are alone again
You will believe the lie
Judging from what you've taken
You breathe, alive
You are alone again
From the heart of darkness
You call to me
Spirit raging on
There is nothing I can do
For you are next to no one

You will release your life
Joining with the god damned world of the dead and the
lonely
You'll never leave alive
Now do you think you're too damn good for the killing
kind

You will release your life
Forgetting what's forsaken
The reason why
You are alone again
You will begin to cry
Hearing the silence breaking
You breathe a lie
You are alone again
From the heart of darkness
You call to me
Spirit raging on
There is nothing I can do
For you are next to no one
You will release your life
Joining with the god damned world of the dead and the
lonely
You'll never leave alive
Now do you think you're too damn good for the killing
kind

You will release your life

Joining with the god damned world of the dead and the
lonely
You'll never leave alive
Now do you think you're too damn good for the killing
kind

You will release your life
Forgetting what's forsaken
You breathe a lie
You're alone again

You will release your life
Joining with the god damned world of the dead and the
lonely
You'll never leave alive
Now do you think you're too damn good for the killing
kind

You will release your life
Joining with the god damned world of the dead and the
lonely
You'll never leave alive
Now do you think you're too damn good for the killing
kind

Nothing I can do
Nothing I can do
