All my devotion betrayed  
I am no longer afraid  
I was too blinded to see  
How much you've stolen from me

You want to know why I feel so horrified?  
I let my innocence die  
You want to know why I can't be pacified?  
You made me bury something  
I won't be sleeping tonight

I only wanted a blessing made  
Now I've been labeled a renegade  
It seems so clear now what I must do  
You're no immortal  
I won't let them  
Deify you  
They view, you as the new messiah  
Deify you  
Renew belief in some demented man

You want to know why it seems the passion has died?  
We've all been living this lie  
You want to know why my will has been fortified?  
You've made me hunger again  
Good luck sleeping tonight

I only wanted a blessing made  
Now I've been labeled a renegade  
It seems so clear now what I must do  
You're no immortal  
I won't let them  
Deify you  
They view you as the new messiah  
Deify you  
Renew belief in some demented man

All my devotion betrayed  
I am no longer afraid  
All my devotion betrayed  
I am no longer afraid  
I was too blinded to see

How much you've stolen from me  
I was too blinded to see  
All my devotion betrayed  
I am no longer afraid  
I was too blinded to see  
How much you've stolen from me

Deify you  
They view you as the new messiah  
Deify you  
Renew belief in some demented man

Deify you  
Leave you, you as the new messiah  
All my devotion betrayed  
I am no longer afraid  
Deify you  
Renew belief in some demented myth (or man)  
I was too blinded to see  
How much you've stolen from me
