You are, enemy
You are my hated enemy
I am enemy
Number one rated enemy
I'm a labeled enemy
I am your mortal enemy
My actions enemy
Make me your bitter enemy

All the world around enemy
They're tearing up the ground enemy
They're drawn in by the sound
Enemy, enemy I must eliminate my Enemy

Your people, enemy
My people's hated enemy

What are you, enemy
Though a created enemy
Terminate the, enemy
Eradicate the hated enemy
I am an enemy
My very greatest enemy

You try to tell me that you love life
Then find another way to kill life

Wanting, love life
Needing, kill life
Wanting, love life
Needing, kill life
Enemy
