They are the ghosts of innocents
That have awoken from my dreams
Welcome to your nightmare
Say good-bye to every thing
All your past obscenities
They have determined where I stand
Echoing Cries, in the time that it began

ROAR!!!!!!!!!!

Hear me now
Feel my blade
There is no more time for apologizes
Never let emotions
Take hold of me
Are you ready to begin your trip to the other side?
Death is an old friend of mine

You can't escape your judgment
I hear them calling out your name
Do not beg for mercy now
You never showed any to them
Embrace your final punishment
There's not a soul to hear you scream
I have to thank you for letting out the animal in me

ROAR!!!!!!

Hear me now
Feel my blade
There is no more time for apologizes

Never let emotions
Take hold of me
Are you ready to begin your trip to the other side?
Death is an old friend of mine

The blood became my life
When I was trapped inside
And I can feel the dark passenger coming
My mothers blood and mine
Uniquely intertwined

Help me finally push your memory from my mind
My hunger to destroy
When I was just a boy
It pulled me deeper into some thing that I now enjoy
The ritual begins
Evil will meet its end?
In your destruction I will finally feel whole again

There is no more time for apologizes
Never let emotions
Take hold of me
Are you ready to begin your trip to the other side?
Death is an old friend of mine

I have become your nightmare
Say good-bye to every thing
