Rise  
Throw away  
The charade of your life  
Let the flame of my heart  
Burn away  
Your complacency tonight  
I command you to rise  
Wash away  
The decay of your life  
Feel the light of your eyes  
Find the way  
Through the darkness tonight  
Fearing no one

Do you really think I covet like you do?

Come, take me away  
Remove the fear from my eyes  
Feel the flame of my heart  
Burning away  
All conversation tonight  
Hearing no one

Am I precious to you now?  
Am I precious to you now?

Now rise  
Turn away  
From the shame of your life  
Feel the light from my eyes  
Offering  
Consolation tonight  
Fearing no one  
Do you really think I want it like you do?

Come, take me away  
Remove the fear from my eyes  
Feel the flame of my heart  
Burning away  
All conversation tonight  
Hearing no one

Am I precious to you now?  
Am I precious to you now?

Fearing no one

Saviors of my soul

Am I precious to you now?  
Am I precious to you now?

Now, I cannot stop this  
Pure emotion  
Falling from my eyes  
You are vindicating  
Liberating  
Saviors of my soul

Now rise  
Throw away  
The charade of your life  
Let the flame of my heart  
Burn away  
Your complacency tonight  
Fearing no one
