You are, enemy
You are my hated enemy
I am enemy
Number one rated enemy
I'm labelled enemy
I am your mortal enemy
My actions enemy
Make me your bitter enemy

All the world around enemy
They're tearing up the ground enemy
They're drawn in by the sound
Enemy, enemy I must eliminate my Enemy

Your people, enemy
My people's hated enemy
What are you, enemy
Though a created enemy
Terminate the, enemy
Eradicate the hated enemy
I am an enemy
My very greatest enemy

You try to tell me that you love life
Then find another way to kill life
