What I excel in best  
Is my excessiveness  
Of deprecation  
I hate myself sometimes  
How can I be down when all that I want is in my reach  
What's wrong with me?  
Fuck it  
Sumtimes I can feel so touch and go  
Sumtimes I feel my self esteem is low  
Sumtimes...at least I know sumtimes I'm beautiful  
Beautiful  
And if I wasn't me  
I'd still just laugh at me  
And point the finger  
And blame myself as well  
I will not succumb to any of my peers  
I'm in control  
and I'm losing it  
Fuck it  
Sumtimes I can feel so touch and go  
Sumtimes as my self esteem is low  
Sumtimes...well at least I know sumtimes I'm beautiful  
Beautiful  
Sumtimes as my feelings coincide  
Sumtimes while I struggle to survive  
Sumtimes...well at least I know sumtimes I'll be alright  
Be alright [x4]
