I've let myself unfold,  
Watching you grow cold.  
My life has grown old, tired, and slow...,  
(pre-chorus)  
I'm venting! This built up intensity!  
It's pain I'm fighting...  
I'm venting!  
(chorus)  
I don't give a fuck!  
Anymore, I don't give a fuck!  
Do what you're told?  
Don't ever let them hold you back!

Open up your mind,  
Open your heart and fight back!  
Let it all hang out,  
Fuck shit up without a doubt...  
Just let it all hang out!!  
(repeat pre-chorus)  
(repeat chorus)  
I've let myself go,  
I've let my mind go...  
(repeat chorus)
