You went away and left me 'cause you thought you
could hurt me
But I've got news for you; I'm still strong and your are
wrong
To think you'd leave and I'd turn blue;

Everything's the same
There ain't nothin' changed;
The sun still shines and the rain still rains;
And I'm still me
And you're still you
Too
You see
Everything's the same
There ain't nothin' changed.

Since you've been gone
I still do what I do
No

I haven't changed a bit; I still eat
I still sleep

I still go to work and when my work-day's done I split;

Everything's the same
There ain't nothin' changed . . .
